Password Recovery

Set Up Password Recovery Question ✕

To help you easily and quickly recover your REDCap password (in case you forget it in the future), we need you to select a security question of your choice below and then provide an answer for it. Once you have filled out this information, if you forget your password, you can click the 'Forgot Your Password?' link on the REDCap login screen, and it will ask you to provide a correct answer to your security question (the one you will select below). In such a case, it will send a new temporary password to the email address associated with your REDCap account. Setting up your password recovery question below will prevent you from having to wait on a REDCap administrator to reset it manually if you ever forgot your password.

NOTICE: It is highly recommended that you set your password recovery question now, or else you might get accidentally locked out of your REDCap account.

Select a question:

Provide answer to question: (not case sensitive)

Please confirm your email address:
(If you attempt to recover your password, your new password will be sent to this email address.)

Welcome to REDCap!

REDCap is a mature, secure web application for building and managing online surveys and databases. Using REDCap's stream-lined process for rapidly developing projects, you may create and design projects using 1) the online method from your web browser using the Online Designer; and/or 2) the offline method by constructing a 'data dictionary' template file in Microsoft Excel, which can be later uploaded into REDCap. Both surveys and databases (or a mixture of the two) can be built using these methods.

REDCap provides automated export procedures for seamless data downloads to Excel and common statistical packages (SPSS, SAS, Stata, R), as well as a built-in project calendar, a scheduling module, ad hoc reporting tools, and advanced features, such as branching logic, file uploading, and calculated fields.

Learn more about REDCap by watching a [brief summary video \(4 min\)](#). If you would like to view other quick video tutorials of REDCap in action and an overview of its features, please see the [Training Resources](#) page.

NOTICE: If you are collecting data for the purposes of human subjects research, review and approval of the project is required by your Institutional Review Board.

If you require assistance or have any questions about REDCap, please contact [DMAS Survey Administrator](#).

REDCap Features

Build online surveys and databases quickly and securely - Create and design your project rapidly using secure web authentication from your browser. No extra software is required.

Fast and flexible - Conception to production-level survey/database in less than one day.

Export data to common data analysis packages - Export your data to Microsoft Excel, PDF, SAS, Stata, R, or SPSS for analysis.

Ad Hoc Reporting - Create custom queries for generating reports to view or download.

Scheduling - Utilize a built-in project calendar and scheduling module for organizing your events and appointments.

Easily manage a contact list of survey respondents or create a simple survey link - Build a list of email contacts, create custom email invitations, and track who responds, or you may also create a single survey link to email out or post on a website.

REDCap Mobile App - Collect data offline using an app on a mobile device when there is no WiFi or cellular connection, and then later sync data back to the server.

Send files to others securely - Using 'Send-It', upload and send files to multiple recipients, including existing project documents, that are too large for email attachments or that contain sensitive data.

Save your data collection instruments as a PDF to print - Generate a PDF version of your forms and surveys for printing to collect data

- ❑ Work your way through each section of the self-assessment.

SAVING DATA

- ❑ Drop down tabs at the top and bottom of each form allow you to “Save & Exit Form”, “Save & Stay” or “Save & Go To Next Form”

- ❑ If you exit a form you will have the ability to go back; your data will be saved and safe.

PARTS 1 & 2

- ❑ Part 1: Questions 1-11 must be completed **one time** by the provider organization.
- ❑ Part 2: Must be completed **for each setting/site**. That is, each physical address where HCBS services are provided. This includes both residential and day services. If you select group day services for the site being assessed the questions will end with Part 2.

PART 3

- ❑ Part 3: Must be completed for each residential setting/site. There may be multiple Part 3's completed.
- ❑ If you select a residential service for the site being assessed Part 3 will automatically populate.

(Use the companion guide to assist with responding to the questions and submitting evidence)

Uploading Evidence

There are 3 “Upload document” buttons for each question requiring evidence to be submitted.

Part2-Q16b1. Upload your evidence .	 	
Part2-Q16b2. Upload your evidence .	 	
Part2-Q16b3. Upload your evidence .	 	

If you have more than 3 documents to upload, scan evidence into a PDF file and submit.

DO NOT submit an entire policy and procedure manual. Submit only the document(s) that provides evidence to verify narrative response, i.e. specific policy, training information, photo, staff meeting minutes, sample person centered plan, sample lease, etc...

Uploading Evidence

- ❑ One piece of evidence may apply to multiple questions. If you choose, you do not need to upload the same piece of evidence multiple times. In your narrative response you may indicate that the evidence was submitted with a previous question and provide the question number.

When you complete a section click on the drop down button under Form Status and click complete. When you do this the status button in the dashboard will turn green

The screenshot displays the 'Provider Self Assessment 2017' interface. At the top, the title 'Provider Self Assessment 2017' is shown. Below it, the 'Actions:' section contains a 'Download PDF of instrument(s)' dropdown menu and a link for 'VIDEO: Basic data entry'. An orange arrow points to the dropdown menu. A 'Save & Exit Form' dialog box is open, showing options for 'Save & Exit Form', 'Save & ...', and '-- Cancel --'. Below the 'Actions:' section, a table lists various data entry forms. The table has columns for 'Part', 'Edit', and 'Record'. The 'Record' column contains the number '123456789'. A yellow highlighted row contains the text: 'A series of 11 questions designed to determine organizational and systemic approach to compliance with HCBS settings requirements. Part 1 is completed one time by the provider organization. *Submission of evidence to support narrative responses to questions is required.' Below this, a question is partially visible: 'clustered on a street or property?'. An orange arrow points to the 'All data entry forms with saved data' option in the dropdown menu.

Ending the Self-Assessment

- ❑ When you have completed the self-assessment for all settings your dashboard status buttons should be GREEN.
- ❑ At this time, email hcbscomments@dmas.virginia.gov. Put in the subject line: **“DD Waiver self-assessment complete”** In the email include your provider name and NPI number used as your user name. You will receive a confirmation from hcbscomments@dmas.virginia.gov and your self assessment portal access will be ended.

Self-Assessment Portal Helpful Tips

- ❑ REDCap will automatically log you out after 30 minutes of inactivity.
- ❑ Use the self-assessment companion document as a side by side tool to assist with responding to questions and determining evidence.
- ❑ All of your settings will be a part of your record and included under your record Id.
- ❑ The portal does not have a spell check feature. On the DMAS website the self assessment is available in Word format. You can cut and paste responses from a Word document into the assessment:
